To whom it may concern

The ICC-ES PMG Product Certification for SunLab™ Aboveground / Onground Swimming Pools had been updated and completed in May 2025. The pools are built in conformance to ANSI/PHTA/ICC 4-2025. The certification is valid from May 2025 to May 2026. Please note that the certification is a yearly renewal, and it was certified prior to May 2025.

Scope of certification:

*The ICC-ES product certification system includes testing samples taken from the market or supplier's stock, or a combination of both, to verify compliance with applicable codes and standards. The system also involves factory inspections, and assessment and surveillance of the supplier's quality system.*

The certificate is available on the ICC-ES portal, by following the link below or by scanning the QR code.
