To whom it may concern

The ICC-ES PMG Product Certification for SunLab™ Aboveground / Onground Swimming Pools had been updated and completed in May 2026. The pools are built in conformance to ANSI/PHTA/ICC 4-2025. The certification is valid from May 2026 to May 2027. Please note that the certification is a yearly renewal, and it was certified prior to May 2026.

Scope of certification:

The ICC-ES product certification system includes testing samples taken from the market or supplier's stock, or a combination of both, to verify compliance with applicable codes and standards. The system also involves factory inspections, and assessment and surveillance of the supplier's quality system.

The certificate is available on the ICC-ES portal, by following the link below or by scanning the QR code.
